

Companion Value Seed Packs

Basil - Tomato - Chilli

Basil – Little Green

Tomato – Podland Pink

Chilli – Bangalore long Red

Lettuce – Little Gem

Marigold - Mix

- 🌱 **Basil** helps the growth of tomato and enhances its flavor. It can be helpful in repelling thrips and is also said to repel flies and mosquitoes.
- 🌱 **Tomato** protects Chilli from sun and keeps it from drying.
- 🌱 **Chilli** attracts Tomato Hornworm and repels aphids.
- 🌱 **Lettuce** traps white worm that can otherwise damage roots of other plants. It likes the shade offered by Tomato and Chilli.
- 🌱 **Marigold** has a strong odor that repels many pests, including whiteflies that can attack tomatoes. Its bright color attracts beneficial insects. The roots of marigold exude a substance that spreads in the immediate vicinity, killing nematodes.
