

## Companion Value Seed Packs

### Tomato - Carrot - Basil

*Tomato – Red Plum*

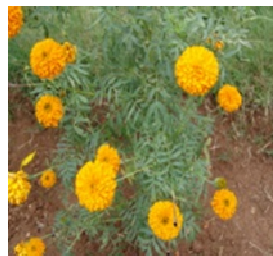

*Carrot - Nantaise*

*Basil – Aromatic Green*

*Chilli – Great Black*

*Marigold - Mix*

- 🌱 **Tomato** by its smell repels carrot fly and aphids.
- 🌱 **Carrot** helps the growth of tomatoes. Being a root vegetable, it does not interfere with aeration for the tomato plant. Carrots dislike dill.
- 🌱 **Basil** helps the growth of tomato and enhances its flavor. It can be helpful in repelling thrips and is also said to repel flies and mosquitoes.
- 🌱 **Chilli** repels aphids by its smell. It prevents Fusarium disease by its root exudates.
- 🌱 **Marigold** has a strong odor that repels many pests, including whiteflies that can attack tomatoes. Its bright color attracts beneficial insects. The roots of marigold exude a substance that spreads in the immediate vicinity, killing nematodes.
